The screenshot shows the EU Funding & Tenders Portal. The top navigation bar includes links for Home, Funding, Procurement, Projects & results, News & events, Work as an expert, and Guidance & documents (highlighted with a pink box). A search bar is located on the right. Below the navigation bar, the breadcrumb trail reads: Home > Guidance & documents > Reference documents. The main heading is 'Reference documents'. Under 'Filters', there are buttons for '2021 - 2027' and 'Horizon Europe (HORIZON)'. The 'Programme' filter is set to 'Horizon Europe (HORIZON)'. The 'Grants' section states: 'This page includes reference documents of the programmes managed on the EU Funding & Tenders portal starting with legal documents and the Commission work programmes up to model grant agreements and guides for specific actions. Please select the programme to see the reference documents.' The 'Procurement' section states: 'Reference Documents related to tendering opportunities are published on TED eTendering in the calls for tenders.' A search bar with the placeholder 'Filter...' and an 'Expand all' button are present. A list of categories is shown with expandable arrows: Legislation, Work programme & call documents, Grant agreements and contracts, Simplified cost decisions, Guidance, Templates & forms, Experts lists, and Funding & Tenders Portal. Participant Register

The participant register is the central database of all participants registered in the Portal. It is available in the language selected from the top right corner of the Portal.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Find a registered organisation

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

☒ Register your organisation

Registrations can be saved as draft at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted after one year.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the EIC Accelerator) you must also carry out the SME self-assessment.

Should your project or tender be successfully evaluated, the registered data will be verified by the Central Validation Service team before the signature of the Grant Agreement or of the Framework Contract.

NCP Services

In general, the following basic services are available in accordance with the [NCP Guiding Principles](#) agreed by all countries:

1. Guidance on choosing relevant Horizon Europe topics and types of action
2. Advice on administrative procedures and contractual issues
3. Training and assistance on proposal writing
4. Distribution of documentation (forms, guidelines, manuals etc.)
5. Assistance in partner search

As the NCPs are national structures, the type and level of services offered may differ from country to country.

What is the NCP network?

NCPs are national structures established and financed by governments of the 27 EU member states and the states associated to the framework programme.

NCPs give personalised support on the spot and in applicants' own languages.

The NCP systems can vary from one country to another from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.
